

Short CV

Surname: Spazzafumo

First name: Giuseppe

Affiliation: Department of Civil and Mechanical Engineering, University of Cassino and Southern Lazio,
Italy

Date and place of birth: December 29, 1959, Carrara, Italy

Nationality: Italian

Education:

- University of Pisa, Italy
 - Degree, Mechanical Engineering (thesis on plants of biophotoproduction of hydrogen), 1984
 - Ph.D., Energy (thesis on use of MCFC in powerplants), 1989

Employment:

- University of Cassino and Southern Lazio, Italy
 - Assistant Professor, 1992-2002
 - Associate Professor, 2002-

Main research fields:

- Hydrogen Energy Systems
- Carbon-neutral Fuels
- Fuel Cell Systems
- Renewable Energy Systems

Memberships:

- Italian Hydrogen Forum, founding member, member of the Board of Directors and former president
- International Association for Hydrogen Energy, member of the Board of Directors since 1999

Publications:

- more than 70 papers in journals and conference proceedings

Patents:

- 4 Italian patents

Conferences:

- Coordinator of the series HYPOTHESIS (Hydrogen Power Theoretical and Engineering Solutions International Symposium)
