

Igniting Entrepreneurial Attitude and Innovative Mindset

Incubation Cell

CENTIN has been in a process of launching an incubation cell in collaboration with seasoned entrepreneurs of the industry. The platform of incubation cell at CENTIN will provide networking channels for mentors, investors and young aspiring entrepreneurs via face to face and virtual discussion forums.

In order to bring diverse and cross location knowledge to our students, CENTIN has provisionally located few students to regional Incubation cell of a top business school of Lahore for the duration of one semester only. Mr. Hamza Abbas, who is our BBA fourth semester student, got trained from that business incubator along with his group members.

In addition to this, three of the BBA final year students, Ms. Maham Waseem, Ms. Hira Hanif and Mr. Zain Munir were selected and got trained by British Council for their Global "Active Citizenship Program".

Collaborations

CENTIN has been in collaboration with IBA Karachi, YES Network Pakistan, Shell Pakistan and Ministry of Finance Pakistan.

- Business graduates from UMT won 2nd position in the LCCI Business Plan Competition in Lahore, 2011.

CENTIN is acting as a distinctive platform for all those who want to excel in the field of business and innovation. It has set a stage for students to help them in emerging as refined entrepreneurs. It has been playing an active role in introducing the students of UMT to the corporate world and providing them a paramount playing field where they can perform at their best. To achieve this purpose CENTIN has been organizing Seminars in which top entrepreneurial personalities, related to diverse areas are being invited to share their experiences with the students.

Seminars

Mission

CENTIN influences correct business direction for upcoming entrepreneurs who need an implementation to business. CENTIN's mission is to join hands with the mentors, investors, and organizations to facilitate youth; so that no entrepreneur faces disappointment.

Vision

CENTIN aspires to fortify the development of entrepreneurship field and sustain establishment of new companies, contributing to the society in an ethical manner. As one of the initiative of its own kind in Pakistan, CENTIN is committed to encourage potential entrepreneurs to realize their dreams and build their future.

Objectives

- Motivating and supporting the students towards starting new business ventures.
- Enhancing the students' confidence and interpersonal skills by conducting diverse entrepreneurial activities i.e. seminars and business competitions.
- Training and coaching students to participate in various business competitions and events.
- Sorting out different ways of fund raising for CENTIN.

CENTIN'S Student Forum

CENTIN is of the view that students are the most important asset, so we have formed the basis of CENTIN students' forum in which students are given the opportunity to take the responsibility and ownership. We provide the chance to students and create a scenario where students can work by being in the shoes of a real time entrepreneur which boosts up their leadership qualities as well as decision making power. Their passion leads to the confidence and valuable experience.

Mr. Haleem Chaudhry, (President, Student Forum)

Internship@CENTIN

Entrepreneurship is a continuous process which is related more to the practical experience. CENTIN has been motivating students to paint the canvas of their career with colors of their choice. To facilitate our students more, CENTIN has launched Internship program. 5 students have been trained till now via CENTIN's Internship Program.

Testimonials

Hira Sajjad (BBA final year student) In the light of my experience, I would like to say that internship at CENTIN prepares and refines an individual more precisely in the mold of a professional individual in addition to developing the mindset of the intern. All the skills developed in the tenure of internship not only made it possible for me to excel in academia and refines me in comparison to other students but also has developed me to operate in the real life situation and boosted my morale.

Rabiyya Shakeel (BBA final year student) I found incredible improvements in my soft as well as hard skills facilitated by guidance and support provided to me during tenure while performing various tasks and fulfilling my responsibilities as an internee at CENTIN. This internship experience played a vital role in enlightening and shaping various aspects of my personality as a professional.
