Rector’s Message

Pakistan is a land of capable people who have the ability to survive in tough times. At UMT, we are great believers in providing top quality education to our youth. Yet, we know that our government is unable to meet the educational and financial challenges of educating our youth. In order to overcome these challenges, we need your support to invest in education and help us convert this burgeoning population of youth into “dynamic leaders” of tomorrow.

Dr. Hasan Sohaib Murad

Director’s Message

The pursuit of higher education is no longer a dream for talented and deserving Pakistani youth who belong to less privileged section of society as ILM Fund is striving to create a difference in the life of individuals and provide them with the best education. It is our moral commitment as privileged individuals or private organizations to donate and invest in ILM Fund and provide easy access of education to all.

Beyond Transforming Individual Lives
To know that your gift will transform someone's life can be heartwarming. However, the gift of learning does not stop here: Education and higher education in particular, immensely impacts family and the society at large.
From a social development standpoint, investment in education enhances productivity and boosts technological and social sector development, which in turn contributes to poverty reduction and economic growth.
Glimpses of ILM Fund Scholars

To date, we have helped 15597 scholars to realize their dreams of acquiring higher education. The impact is huge: so much talent channelized in the right direction, so many families transformed through quality education, so many young people becoming productive members of society.

This in itself is our greatest reward. You can help us make even greater impact.
