

Welcome by Rector

Join us to be great

Why shouldn't you be Great? Even better? Why are you not great? How can you be great? Almost all humans can easily claim to be good, but only a few dream of becoming great, and a very few actually achieve true greatness. Why?

The greatest loss that can happen to a person is the lack of ambition to become great. That is human potential gone unchecked, unharnessed. Then comes the loss of those who become casualty in search of greatness. This is different from failures on the road to become great which turns into only another learning opportunity. Imagine how great a human being can be? How noble and valuable a human being can be? How purposeful and productive? How creative and zestful? How unique and beautiful? How trustworthy and sincere? How crystalline and logical? How passionate and awesome?

University of Management and Technology is here to help you to become great, truly exceptional. The resource persons act first as learners and then let the participants turn into their leaders. There are many good institutions around. Trace the road of the one that can launch you into the orbit of greatness.

The one interested in you developing as a whole, a full person, capable of submerging the macrocosm in the microcosm of the self, and defining excellence and refining attributes to the extent that they mirror the pleasure, love, and blessing of Allah.

Select an institution which is growing to help you reform your attitude, enlighten your mindset, build your knowledge, develop your application, refine your character, and sharpen your practice. You walk in with power of intention. You go out with the portfolio of all that it takes to achieve the success here and the ultimate success hereafter.

Beyond degree, what determines your future is your invaluable treasure of self-image, enriched and enlightened, driven to life-long learning. Your future is your family's future, your nation's future, your Ummah's future, and your world's future. Infinite possibilities and endless vistas at UMT draw your attention to your own selves and demand that you give to yourself what it deserves the most. Greatness. Help us make you Great!

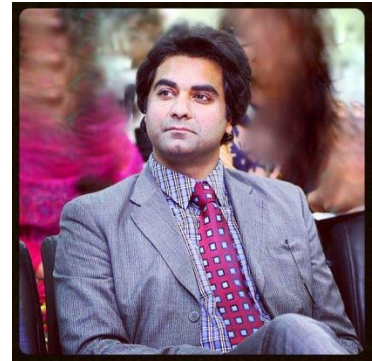

DrHasanSohaibMurad
Rector UMT

Head of Department Message

Dear All,

With best wishes, I welcome you all in University of Management and Technology, aspiring to become a learning institution and evolve as the leading community for the purpose of integrated development of the society.

The University of Management and Technology experience involves so much more than just mere classes!! The Office of Participants Affairs serves as a liaison between students, faculty and administration. We are here to provide you with an abundance of support that will help you get started, get adjusted, get involved, get your degree, and get on the road to fulfilling your dreams. OPA is a

platform that leads, directs, and administers overall functions of more than **35 Clubs and Societies** of different interests promoting the Extra-Curricular Activities. The most important aspect is to enhance the quality of participant's life and nurture their talent into eminence by utilizing the resources and providing them the platform.

Overseen by HoD, this office is a central place for participants where they can express and get help about any problem they encounter on campus whether it is academic, personal or emotional.

Myself and Office of Participants Affairs would graciously welcome you all and would suggest you to visit our webpage for complete understanding. And I encourage you to explore all the Clubs & Societies of different interests that are in place to ultimately help you achieve your highest potential.

Vision of Team OPA:

"Office of Participant Affairs (OPA) will be a leader in providing comprehensive and integrated campus life programs, activities and services. We will cultivate a student-centered environment where we foster an inclusive learning community with responsibility, respect and acceptance for all cultures and background."

Mission of Team OPA:

"We pursue our mission by providing services, learning programs and mentoring, to maximize students' potential by strengthening readiness to learn, removing barriers to lead, and encourage safe and healthy UMT community. We cultivate a learning community which engages participants in aligning their unique talent with interest."

Strategic Objectives:

- Develop students as a whole through the cultivation and enrichment of the body, mind and spirit
- Promote physical, spiritual and psychological health and wellness, collaborating across campus with multiple organizations
- Improve and promote recreational opportunities, promote experiential learning opportunities
- Support leadership opportunities (e.g. community engagement, volunteerism, student organizations involvement and peer to peer mentoring)
- Support global citizenship through increased collaboration with interpersonal opportunities to promote learning and offer a greater variety of programs (e.g. exchanges, internships with academic credit and service-learning opportunities)
- Promoting academic, cultural, health and recreational opportunities both curricular and co-curricular that support the development of experienced, informed and intellectually engaged professionals and leaders.
- Building comprehensive and diverse students communities/clubs and societies that support active learning and personal and professional development
- Conduct/Supervise an efficient scheduling process to deliver the University's curricular and co-curricular activities in accordance with its policies and regulations.
- Develop strategies for continuity planning to ensure departmental stability
- Establish a Students Affairs training curriculum, across all levels of staff, utilizing a variety of delivery methods (e.g. customer service, students development, diversity, cultural and professional competencies)

Goals and Actions:

- Develop strategies for continuity planning to ensure departmental stability.
- Establish a Student Affairs training curriculum, across all levels of staff, utilizing a variety of delivery methods (e.g. customer service, student development, diversity, cultural and professional competencies).
- Encourage and support broad professional development (e.g. trainings, events, lectures and classes).
- Conduct annual performance reviews in all Participant Affairs departments, including position-related and professional development goal setting.

OFFICE OF PARTICIPANTS AFFAIRS (OPA):

Office of Participant's Affairs has been set up to give the student a strengthening stage in extracurricular activities. It is committed to shore up the students connection with organizing occasions and projects which empower assorted qualities, show coordinated effort among gatherings and bolster activities that are reliable with the target to boost up ability in various zones and to provide an organization where they can transform one of a kind thoughts into glimmering activities enriched with inventiveness and advancement.

Office of Participants Affairs (OPA) has been divided into three sections.

- Life @UMT
- Sports
- Clubs and societies

Office of Participants Affairs (OPA) is thought to be the main office in the University Management and technology (UMT) that gives devoted counseling administrations to members not only in their co-curricular as well as in extracurricular activities. The club and social plays a vital part in extracurricular activities. Participant's inclusion in differing clubs and societies can be a standout among the most improving parts of the university experience. In fact, clubs and societies are an awesome spot to share, build leadership abilities, and meet individuals who offer interests similar to others.

Life @UMT:

It denotes the reflection of clubs and societies on the activities that has been organized in UMT. It is taking a stab for excellence in all viewpoints including intellectual, moral, professional and social advancement. Member's inclusion in assorted clubs and societies is the most advancing part of the university experience devoted to changing them into dynamic learners and future leaders. In fact, clubs and societies are a huge platform for the associate with individuals who offer premiums like others and in this way boosting up their confidence and self-esteem.

Sports @UMT:

Sports are all forms of usually competitive physical activity or games which, through casual or organized participation, aim to use, maintain or improve physical ability and skills while providing enjoyment to participants, and in some cases, entertainment for spectators. The most basic reason for joining a club or team is that it gives you something better to do than staring at the wall, wandering the hall, or napping all afternoon. Moreover there is no healthier way than sports to teach discipline, responsibility, team building, leadership, self-confidence, sacrifice and accountability.

The importance of sports in the life of university students who are just learning responsibilities of being young adults is remarkable. They instill lessons and trainings that transform them into mature and balanced adults are remarkable. If you believe that a sound mind and a sound body is the key to both physical and mental development, then **UMT sports society** is the right place for you.

UMT sports Society comprises eleven sports clubs for men and women, each with brilliant players in it. They are trained properly before participation in matches within and outside the university at various platforms from university level and National level:

1. Cricket Club
2. Football Club
3. Rugby Club
4. Chess Club
5. Badminton Club
6. Table Tennis Club
7. Athletics Club
8. Martial Arts Club
9. Volleyball Club
10. Baseball Club
11. Hockey Club

Sports Based Scholarships:

UMT supports the holistic development of talented sportsmen and recognizes their increasing need to successfully balance both academic and sports commitments. UMT facilitates this vision through the Sports Scholarship Program which is a sportsman led development program whereby a network of support services and expertise are tailored to the individual needs of the sportsman. In recent years, the program has expanded greatly and students have been awarded scholarships in different sports.
