3. History at a Glance

The University of Management and Technology (UMT) was established in 1990 and has now evolved into a premier institution of higher learning in the country. Recognized by the Higher Education Commission (HEC) as a "**W4**" category (highest rank) university, UMT is also the first in Punjab amongst medium sized universities in the general category.

UMT was founded in 1990, as the Institute of Leadership and Management (ILM). ILM was established by leading educationists, professionals and industrialists with an aim to enhance the organizational and individual effectiveness. Guided by the noble mission of helping others in actualizing their limitless human potential to its finest shape, ILM sought to respond to the challenges of information-based economy, globalization and ever increasing complexity.

UMT – now an independent, not-for-profit, private institution of higher learning – received its degree-granting charter first as the Institute of Management and Technology (IMT) in 2002 through an Act of the Assembly of the Punjab. Later, on June 16th, 2004, IMT became University of Management and Technology (UMT) through passing of a similar Act by the Punjab Assembly.

In September 2007, the Higher Education Commission of Pakistan upgraded the category of UMT from 'Category X'/ previous 'Category B' to 'Category W'/ previous 'Category A'.

UMT , offers a broad range of bachelor, master and doctoral degree programs in many disciplines such as Commerce, Accounting, Business Administration, Banking and Finance, Business and IT, Computer Science, Economics, Education, Electrical Engineering, Aviation, Management, Supply Chain, Textile Engineering, Industrial Engineering, Information Systems, Linguistics, Media and Communication, Agri-business, School Management, Social Sciences, Educational Leadership Management, Law, English Language, Teaching, and many more.

All academic programs meet HEC criteria. The Pakistan Engineering Council (PEC) permits electrical engineering and industrial engineering programs offered at UMT while BBA and MBA programs are accredited by the National Business Education Accreditation Council. The National Computer Education Accreditation Council (NCEAC) has accredited BS Computer Science and Software Engineering programs. Quality assurance systems as suggested by HEC have been implemented at UMT.

At present, thirteen schools and four institutes are operating under the umbrella of UMT namely; School of Business and Economics (SBE), School of Science and Technology (SST), School of Social Sciences and Humanities (SSS&H), School of Professional Advancement (SPA), School of Law and Policy (SLP), School of Textile and Design (STD), School of Commerce and Accountancy (SCA), School of Engineering (SEN), School of Governance and Society (SGS), School of Advance Studies (SAS), School of Health Sciences (SHS), School of Architecture and Planning (SAP), School of Science (SSC), Institute of Islamic Banking (IIB), Institute of Applied Sciences (IAS), Institute of Clinical Psychology (ICP) and Institute of Communication and Cultural Studies (ICCS).

UMT distinguishes itself with 372 faculty members including 110+ PhDs, 14,000+ alumni- and 10000 participants from 63 districts of Pakistan and 18 countries across the globe. The University has state-of-the-art science, engineering and textile laboratories, computer network, well-

stocked library with over 100,000 books and digital resources to facilitate learning and research. The University also offers generous financial assistance to participants. Scholarships and merit based awards are being availed by a large number of participants.

5. Academic Regulations and Policies

5.1 Academic Calendar

- UMT publishes complete schedule of whole academic year for its fall semester, spring semester and summer session for the convenience of participants and faculty members with the following details:
- Semester starting date
- Dues payment dates
- Semester end date
- Final exam week
- Grade notification date
- Holidays during the semester
- Participants are responsible for meeting the requirements and deadlines published for each semester in the academic calendar of the University. Participants are expected to know and adhere to the rules, regulations, course loads, pre-requisites and policies of the University, as well as those of the departments/institutes in which they are enrolled.

5.2 Schedule of Semesters

5.2.1 There are two regular semesters (Fall/Spring) in an academic year. Each semester will consist of a total of 17 working weeks, 15 weeks for teaching and two weeks for examinations. There shall be one to two weeks' semester break at the end of each semester.

5.2.2 A student who has either failed or has been stopped to take the examination due to shortage of attendance or wishes to improve his/her grade is allowed to register in summer. The University may offer Summer Session of eight weeks between Spring and Fall Semesters. A student will only be allowed to register in 1-2 courses of 3-6 credit hours. The contact hours will be doubled during the Summer Session as compared to a regular semester to ensure that the course is taught completely in a semester with half the duration compared with a regular (Fall/Spring) semester.

5.3 Credit Hour

5.3.1 A "CREDIT HOUR" is the unit of measuring educational CREDIT, usually based on the number of classroom hours per week throughout a term. A theory course which equals 03 Credit hours having the length of the class contact hour should be 3 hours per week.

5.3.2 One credit hour in laboratory or Independent study/project would require lab contact of three hours per week throughout the semester.

5.4 Course Categories

Courses have been divided into the following categories:

- Compulsory
- General
- Foundation
- Major/Core
- Elective

5.5 Course Registration (Enrollment for a Semester)

All participants need to register for each semester they want to study in. Course registration of continuing participants for the upcoming semester is done in advance, i.e., in the 13th week of the running semester (fresh participants can enroll on the day of orientation). Participants will register online through OCRIS account. They can check status of their registration along with information such as roll numbers, semester, all courses taken in that particular semester, and sections along with timetable details through participant helpdesk i.e. my.umt.edu.pk. All sections are allotted on first come first served basis. Participants can check their registration slips through the online system to ensure their course registrations and sections. Participants are requested to contact IPC lab for OCRIS login and password.

5.6 Late Registration

Late registrations up to the first week of commencement of classes are subject to a late registration fine of Rs 500/- per day. After the first week of classes, no registration shall be allowed and the next semester shall be considered frozen. However, fresh participants can enroll in the first week of their classes without late registration fine.

5.7 Course Load Management

All participants will normally be required to take a workload according to the CGPA. The details are mentioned below:

MS/M.Phil Programs

SGPA/CGPA	Course Load Allowed (Cr. Hrs.)
2.50 and above	12 (Full Course Load)
2.25 to 2.49	Up to 9 (Course Repeat + Regular Course)

Below 1.75	Up to 9 (Only Course Repeat) Expulsion from University in case CGPA is below 1.75 in 2 consecutive semesters

Bachelor programs include all bachelor programs including 14, 16 and 17 years of bachelor degree programs.

In Summer session only two courses (Repeats only) are allowed.

5.8 Add/Drop Course(s)

Since the participants register for courses before the end term exams, they are allowed to add/drop a course after declaration of results. A Participant cannot drop or change a course without written approval from the participant's advisor. The time period for changing (add or drop) a course is one week; beginning from the commencement of the semester. For this purpose, a participant must meet his/her advisor and submit the form. The advisor will add or drop the course through his login. The Participant can drop a course with the approval of HoD concerned. However, such participants will have to understand that this is a matter of choice and he/she will have to complete his/her degree program in the maximum time allowed, e.g., six years for a four year degree program and three years for a graduate program.

After the declaration of the results, if a participant adds repeat course/courses, he/she shall have to pay the dues without fine with the very next installment.

5.9 Repeating a Course(s)

The course(s) with "F" and "W" grade(s) may be repeated in regular semester(s) as well as in Summer session if offered, subject to registration by the participant concerned within due dates. Participants are required to complete the normal semester activities (class attendance, assignments, quizzes, mid-term exam and final examinations). In case of repeating the course(s), participant has to pay full dues without any financial benefits with the next installment. Maximum 15 credit hours (5 courses) can be repeated in undergraduate program, 6 credit hours (2 courses) for graduate programs and no repeat in PhD program. However, one course can be repeated not more than once.

In case of improvement in the grade after repeating a course, highest grade will be reflected on the transcript and same shall be counted towards calculation of CGPA.

5.10 Class Attendance

The participants are expected to attend all the classes, laboratories, tutorials, or other class meetings officially designated for a particular course. They are also expected to complete all assignments. Each three credit hour course will have 45 contact hours (3 hours/week *15 teaching weeks which equals 45 hours) in a semester. Attendance sheets are computer generated. No one is allowed to attend a class without his/her name in the attendance sheet. No one is authorized to add or remove his/her name from that list manually. Queries for that purpose must be routed to ORG.

A minimum of 80% attendance is required for a participant to be eligible to sit in the final examination.

Participants with less than 80% of attendance in a course will be given grade 'F' (Fail) and will not be allowed to take end term exams. They will have to repeat the course to get the required attendance to be eligible to sit in the exam when the course is offered next time, after paying the full course fee.

Participants may check their attendance status from their respective faculty members.

5.11 Semester Freeze/Leave

A participant may freeze/leave his/her semester due to any plausible reason for a maximum period of one year (two times in a four/five year degree program and once in a two year degree program). However, freezing in first semester is not allowed.

In order to freeze a semester, the participants will apply before the beginning of that particular semester. He/she has to fill in a clearance form and get clearance from library, IPC and Accounts Office only, and submit it to ORG for approval and updating database and personal file.

He/she will have to render his/her University of Management *and* Technology participant ID Card to ORG. During the "freezing period" the applicant will lose his/her participant status at UMT and will not be entitled to avail University facilities like hostel, medical, transport, library and computer labs.

A participant shall rejoin in the next semester after paying semester fee. The right to use all university facilities will be resumed upon rejoining and UMT ID card would be available from ORG.

Freezing the semester(s) is a matter of choice and such participants will not qualify for any relaxation in semester maximum credit limit or towards maximum time specified for completion of the degree.

In case a Participant needs to freeze his/her semester before midterm exams, application only under medical emergencies or if any critical situation arises beyond human control along with supporting documents can be submitted, he/she will be charged fine of Rs 5000. However, Registrar's decision will be final in these cases.

For a prolonged/extraordinary leave of more than one semester, participant must apply for leave with a valid reason. Clearance process of semester freeze will be followed for this kind of semester freeze as well. Leave application will be submitted before a semester starts. A participant will not have to pay any charges during semester freeze. Leave is valid for two semesters maximum. After two semesters, participant will rejoin, register for courses and continue studies, failing which his/her admission shall be cancelled automatically, without any prior information/intimation.

Leave from semester shall be counted towards the maximum permissible semesters for the completion of the degree.

Note

Participants always have to leave their studies with prior confirmation and approval on a written application. Once registered in a course and leaving without approval shall result in a grade that shall be applicable to it and shall not be replaced at any cost. For example, registering for a semester and leaving without any approval will result in awarding or leaving the end term exams will result in 'F' grade.

5.12 Programs Duration

The limit for the completion of the undergraduate degree is usually four years while it is two years for graduate degree from the beginning of the first course counted towards the end of degree.

The time limit of a participant repeating course(s) shall be extendable up to a maximum of two years for all four years bachelor. Whereas for all Master/MS/MPhil degree programs the maximum extendable time is one year. Maximum duration is inclusive of availing semester freeze/leave, repeat course, dismissal on disciplinary grounds etc.

Program	Total Duration of Program (Minimum)	Extended Period	Maximum Duration of Program *
2 years Bachelors	2 years or 4 semesters	1 year or 2 semesters	3 years or 6 semesters
