SBE Vision

SBE envisions its success in the sustainable contribution that it will make to the industry, academia and research in public and private sector. SBE will lead by providing professionally competent and ethically conscious human resources engaged in the global and local context to foster socio-economic growth and sustainability for the society. SBE envisages having faculty with high research potential and a deep desire for cutting edge research including collaboration with national and international partners.

SBE Mission

Being a research-oriented and student-centric business school, we emphasize research publications in impact journals as well as state-of -the-art learning methodologies. We will prepare our students to become the future ethical business leaders and the guiding post for the society, while equipping them with the knowledge and skills required by world-class professionals. We will be the leading choice for organizations seeking highly talented human resource. SBE will foster internationalization with key stakeholders and actively work to exchange best practices with business schools across Pakistan through collaborations, workshops, conferences and other means.

Program Objectives of MBA

- To hone participants' abilities through a well-developed and diversified program designed to equip graduates with essential leadership skills.
- To develop participants' expertise in order to increase their resourcefulness in better decision-making.
- To prepare participants for steering an organization through the difficult and turbulent global and domestic environment and enable the development of an implementable strategic business plan that not only addresses the financial but social and environmental issues as well.
- To produce students who have well-rounded entrepreneurial skills - who not only have great ideas, but can also make things happen by starting their own ventures.
- To enhance the proficiency of the students and groom them to deal with the complex business situations.

Course Objectives

Marketing provides the interface between the customer and the firm in which the customer has become pivotal to the success of business activities. The marketer role is to develop an understanding of the customer and then use a variety of tools to design, promote and deliver sustainable marketing strategies. New media i.e. digital is influencing consumers and businesses. Relationship building has become a major commitment for many organizations to retain customer loyalties. This course introduces marketing concepts/terminologies and strategic issues to the students from various perspectives. An opportunity to study several situations in which effective marketing strategies can be developed is provided through group discussion and case studies. The course is focused on equipping students with ethical marketing concepts with applications in both Pakistani and global context.

Learning Objectives

After completion of the course the students should be able:

1. To describe and explain concepts, terminologies and issues in strategic marketing.
2. To be able to use strategic marketing tools to design, promote and deliver sustainable marketing strategies.
