Rector's Message

Dr Muhammad Aslam
Rector UMT

As one of Pakistan's leading universities, UMT has demonstrated its commitment to excellence, both in research and in advancing knowledge in a modern scientific way.

It is the avowed mission of the Office of Participant Affairs (OPA) at UMT to groom participants so that they too can make positive contributions to society. Extra and co-curricular activities are an integral part of a participant's life. Through OPA, UMT is meeting this need by engaging participants in positive, constructive and healthy activities, thus encouraging a friendly and vibrant culture.

The Office of Participant Affairs (OPA) is one of the key organs of the University that caters for the needs of the students who we call 'participants' at UMT, since their participation in curricular and co-curricular activities to achieve excellence in academics is regarded critical for physical as well as intellectual growth. Currently, OPA holds the distinction of operating many clubs and societies dedicated to sharpen the vision of the participants, help them to reach their true potential, and make them useful citizens of the global community. I'm delighted to learn that participants are gaining a lot through these clubs and societies that are preparing them for their practical lives.

We are moving towards a new century with a clear goal in our mind. We are enthusiastic and keen to explore the world in our own way, and we are brave in finding out new paths, which we believe would open up new vistas of discoveries and contribute to the benefit of humanity.

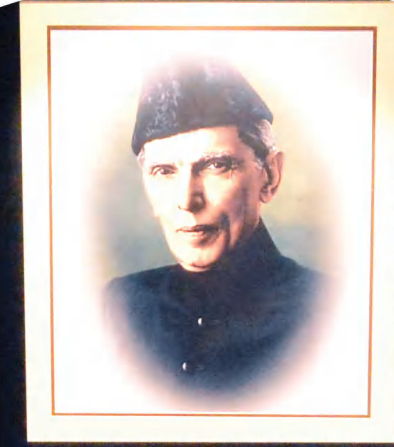

As participants, you are at the core of all that we do. Your time at UMT is more valuable than anything else. We are making you ready to face the challenges that you would have to surmount in your practical lives. In all honesty, participant's life is a very critical period of personal and intellectual discovery and growth, and we here at UMT will help shape your understanding of the practical world.

You can find my contact information, and follow my schedule on RS webpage. I am always interested in hearing your thoughts about where you would like to see UMT in the coming years—and your ideas about what we need to do more about sports and clubs of your interest.

UMT
wants its participants to
develop critical life-skills along with
wholesome well-groomed personalities.
Furthermore, we strive to ensure our participants'
experience at UMT is fun, exciting, enriching, engaging and
brings a 360 degree transformation in them with the view to
develop a clear practical strategy for leading.

Associating with OPA can transform participants and put them on the path
to being global leaders of change. Whether you are interested in athletics, arts,
striving for a social cause, volunteerism or any other activity, UMT has more than
50 clubs that ensure there is something that appeals to everyone's interest. Our
next plan is to increase the number of clubs to 200 and to further increase the
quality and diversity of activities, we will also encourage participants to establish
clubs, societies in areas that they want to promote, project and spend time in.
To further add to the UMT experience, we plan to hold at least 300 national, regional,
local and university-level events each year.
UMT will facilitate OPA in providing facilities and all essential support that assists the
office in providing participants the best university experience in the country.
I wish all of you the best of good luck!

Ibrahim Hasan Murad
Director UMT

Director's Message

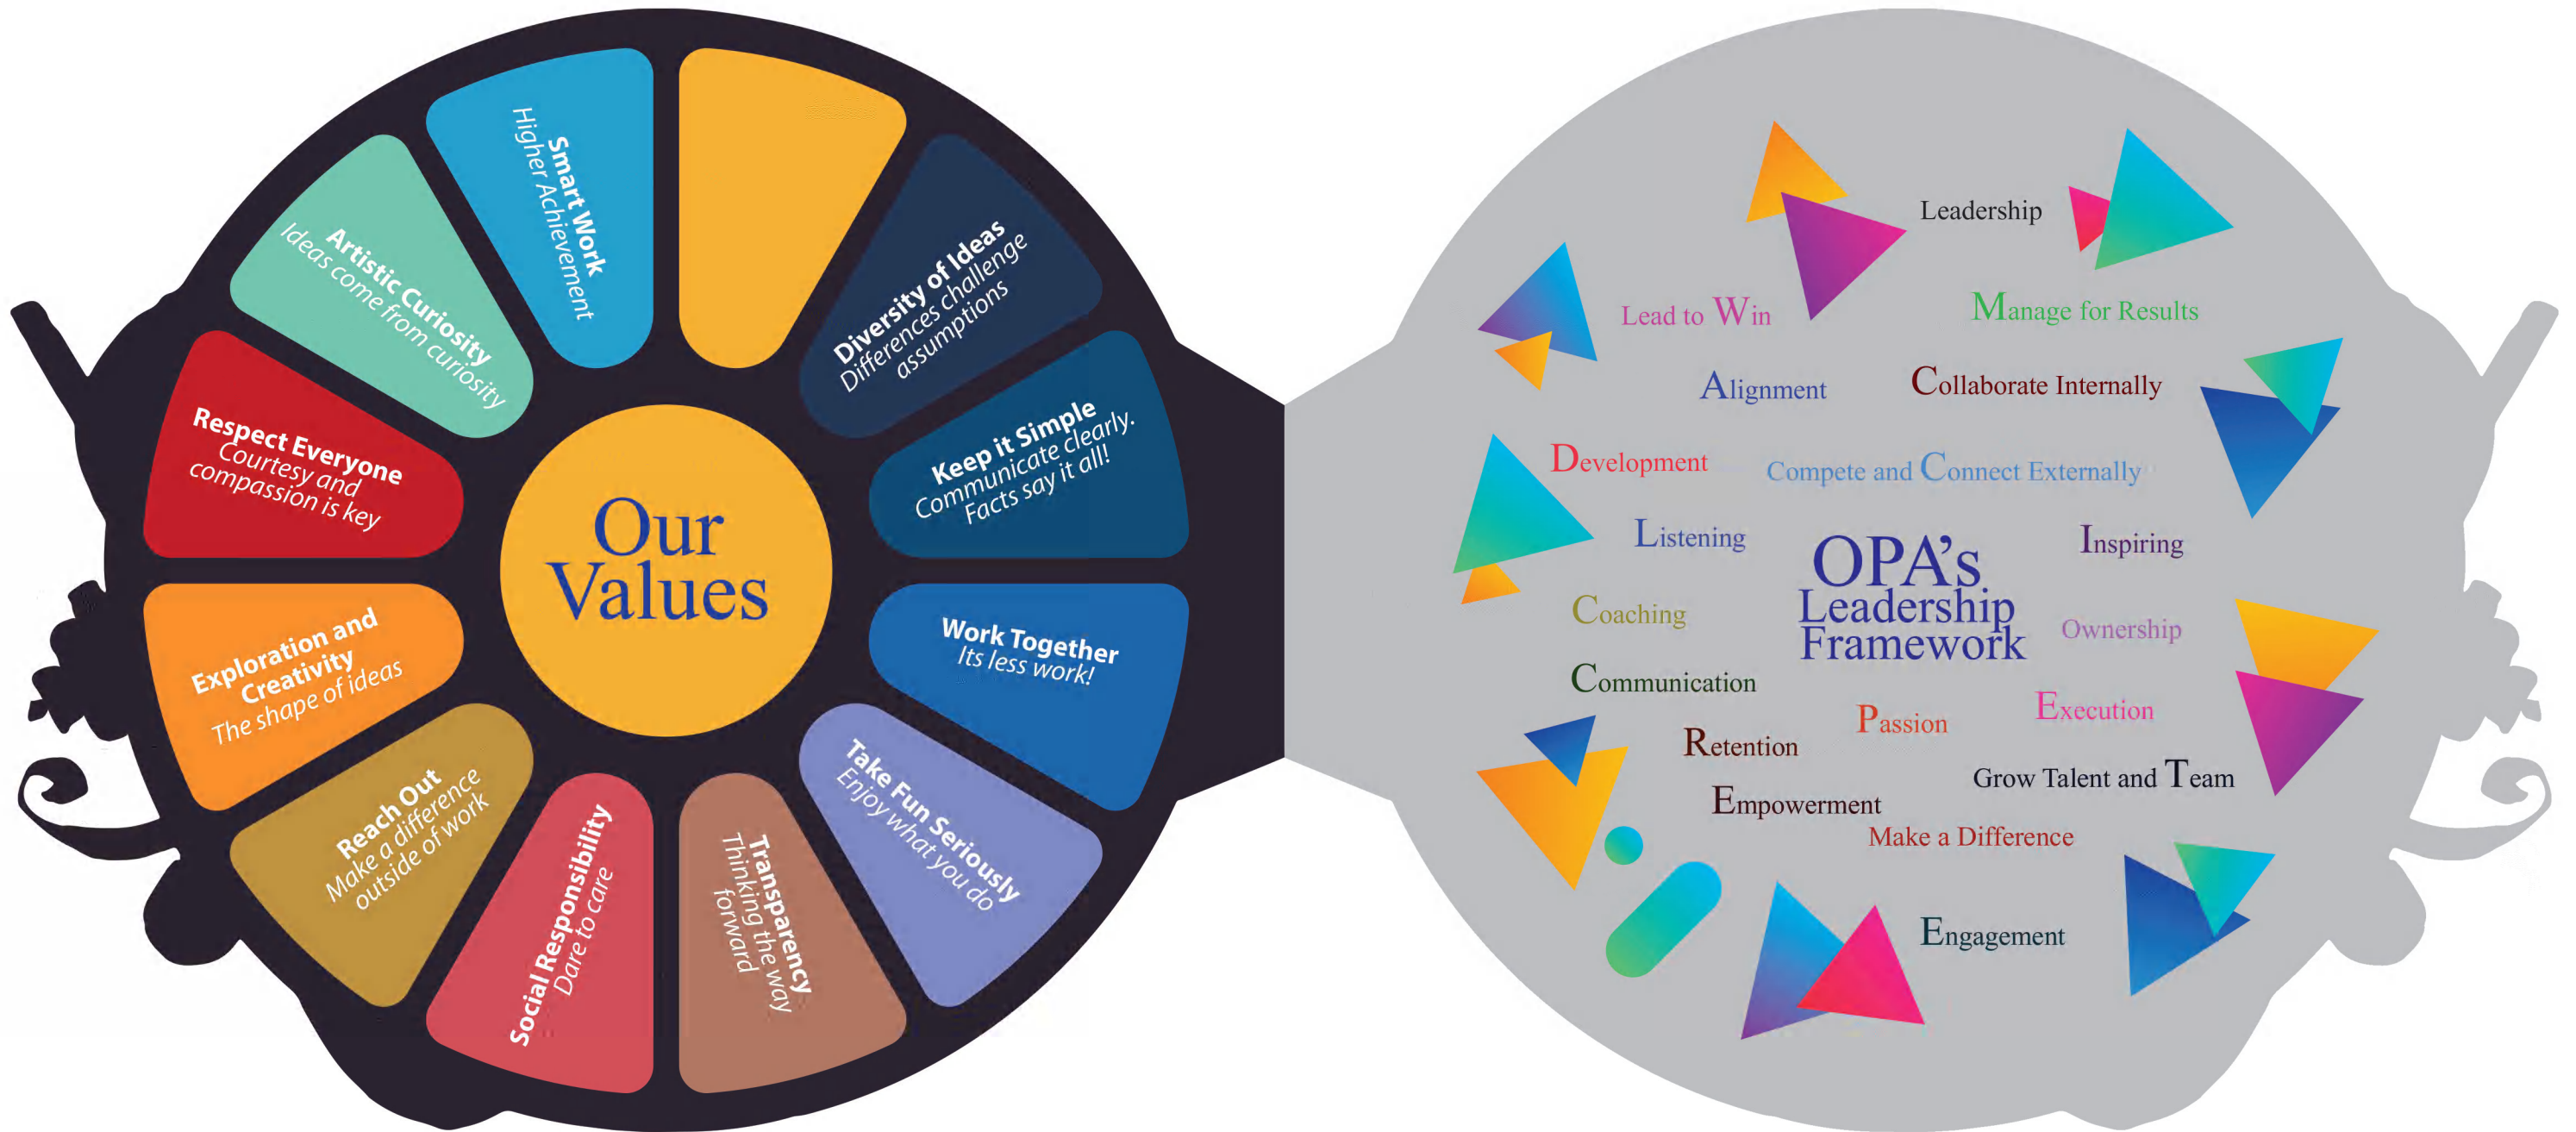

Vision

To be a campus leader in promoting an inclusive and transformative experience by providing strategic leadership development opportunities through wide range of co-curricular activities for multi-cultural participants to galvanize passion for excellence.

Mission

Broad-based commitment to life-long success by providing resources and opportunities, and designing game plan frameworks with emphasis on the holistic development of the participants as well rounded citizens of tomorrow.

Strategic

Objecti**V**es

- Diversity

 - Donation collection is not allowed without approval of higher management and will be collected in UMT's account
 - All the donation/sponsorship cheques will be received in the name of UMT

UMT Sports

"Roll Dice, Play Nice"

For some participants, sport is a defining factor of their overall university experience, whether it is just for fun, something a bit more competitive, or even just watching and supporting our teams. Participants of Sports Society have brought many laurels to the Campus in the past few years by taking part in regional, national and international levels tournaments/ championships. The Participants of Sports Society are highly motivated and aware about their roles in the development process of the University. The Sports Society has historically aimed to transform the culture of sports from competition to inclusion and to promote a paradigm shift that sports are more than just the scoreboard.

- Cricket Club
- Football Club
- Rugby Club
- Chess Club

Co-curricular Based Scholarship

For every participant with a creative passion, there is a foundation or personal endowment that sponsors a scholarship to match. They grab the lion's share of the limelight, and continue to have to the highest profile in the world of scholarships. Whether your passion is film, literature, creativity or visual arts there are scholarship programs that target your vision. UMT supports this vision through Scholarship based on Co-curricular Activities.

Happiness Coach

Towards a Better Life

A happiness coach brings your heart and mind together and gives you the power to reach your goals. This becomes possible as you connect with positive emotions. During your talks with your coach, you'll figure out what really makes you happy. It's unique for every participant. You'll take stock of what's important to you and also see what's bringing you down. Through supportive dialogues and exercises, your happiness coach will give you the skills to simplify and improve your quality of life.
