

## Engagement & Orientation Week Fall 2020

**Welcome to UMT**, a university that is all about transforming innovative ideas into tangible solutions under the mentorship of some of the finest faculty in the region. It is a great time to be in UMT as the University is all set to embark on a new chapter in its 30-year enviable journey of progress and excellence in academic innovation.

Transition to a new environment can produce significant stress for the incoming participants. Therefore, UMT aims to create a welcoming environment for the new participants that builds a sense of community among them and connects them with the faculty, management staff and other students. In this respect, an on-campus Orientation Program is going to be organized by UMT to introduce the new participants with university services and facilities (e.g., Academic policies, student services department, library and laboratories, etc.) and to equip them with the information and necessary resources to make appropriate academic plans. Therefore, **orientation** provides every effort to provide details that educates, enlightens and guides participants about the UMT culture, values, policies & procedures, rules & regulations and deadlines beforehand.
