PAAPAM

7-Sep-2021

Pakistan Association of Automotive Parts & Accessories Manufacturers (PAAPAM) was formed in 1988 to represent the industry and to provide technical & management support to its members. PAAPAM is now over two decades old and, over the years, this association has attained a certain level of maturity by becoming an indispensable and extremely effective link between the policy-making echelons in the government and the auto parts manufacturing industry. The Association achieved recognition from the Government of Pakistan in 1999 and today it is represented on many Government and semi-government NGOs and committees as well as Private Institutions by its members. PAAPAM is also a member of the Federal of Pakistan Chamber of Commerce & Industry (FPCCI).
