Learning Objective:

To garner professional skills in trainee clinical psychologists and expose them to real world situations and problems encountered by school children.

Learning Methodology:

Students of MS clinical psychology will be placed in mainstream schools so they can work one to one with students, teachers and their parents (if need be) under continuous supervision of their respective supervisors.

Grade Evaluation Criteria

Following is the criterion for the distribution of marks to evaluate final grade in a semester.

Marks Evaluation

Case studies and portfolio   60% Internal Evaluation

Viva Voce   40% External Evaluation
