Psychology (ICP)

Institute of Clinical Psychology (ICP)

Introduction

Ever since the upgradation of ICP, there has been greater opportunity to offer a wide range of clinical specialization courses. A variety of programs have been developed that provide a continuous and contiguous teaching and training leading to a professional qualification. In addition to the MS Programs in Clinical and Counselling Psychology, ICP is planning to develop a variety of specialized programs of teaching and learning like Health Psychology, Sports Psychology and School Psychology. There are plans to continue research and clinical studies in all the programs offered by ICP to sure up the indigenous and empirical knowledge in these areas.

The ICP is also providing Clinical Counselling Service to all students and staff of UMT. This service is free and is provided on demand on short notice.
