Research Outlook

Policy

Scope:

Research Outlook is a newsletter issued on bi-monthly basis. Its scope is to share information about faculty published articles, conference papers and book/ book chapter publications with UMT Community. Research Outlook has no impact on **appraisals, research reward, research grant or promotions etc.**

Criteria for Published Papers:

1. Author's affiliation must be with UMT.
2. Articles that are published or in press version may be added.
3. Articles that are accepted for publication will not be added.
4. Author must submit a published copy of the article to library in soft or hard form.
5. Only current year's articles will be added in current issue.
6. For annual UMT Research Outlook only those articles will be added which have proper volume, issue number and year of publication.
7. Articles published online will not be included in annual Research Outlook.

Criteria for Conference Papers:

1. Only full text conference papers will be added.
2. Conference presentations will not be added.
3. Please submit your full text Conference paper along with conference program.
4. Only current year's conference papers will be added in current issue.

Criteria for Book/ Book Chapter Publication:

1. Author's affiliation must be with UMT.
2. Only current year's book / book chapter will be added in current issue.
3. Author must submit a published copy of the book / book chapter to library in soft or hard form.
