CENTERS AT CRP – UMT

HOUSING RESEARCH CENTER

VISION

This idea of creating HOUSING RESEARCH CENTER at UMT will operate through inter-disciplinary associations with following specified categories:

1. Publishing Housing Research and Developing Data Base
2. Offering Graduate Degree – MS. Housing and Community Development
3. Designing Affordable and Experimental House Designs
4. Providing Policy Implications for Government
5. Organizing Workshops and Seminars

- ✓ MS HOUSING & COMMUNITY DEVELOPMENT
- ✓ STUDENT EXCHANGE PROGRAM WITH USM

FUTURE CITIES CENTER

“We shape our buildings; thereafter they shape us.”

The aim of establishing FUTURE CITIES CENTER at CRP UMT is to ensure multidimensional & innovative planning techniques in our cities and to diminish all kinds of disparities (social, ecological, economic) among regions at regional as well as at neighborhood level in order to pursue uniform happiness throughout.
