As we draw the curtains on yet another academic year, we find ourselves immersed in a pool of memories, achievements, and growth. I want to extend my warmest wishes of appreciation to every member of TKS family.

In the echo of the past memories of the year 2023-24, as a dedicated, unwavering, meticulous and conscientious TKS Head office team, facilitated their services 24/7 throughout the year to our Network Associates. We, as a team feel immense pleasure in retaining TKS Network values of skill based learning and timely and incessantly provision of academic support materials to our campuses. Our supportive team kept on fastening the nexus of trust and conviction of our valued NWAs. Our another hallmark is TKS Publications, extracted from researches and supervision of renowned educationists and authors we REVISED our publications with the successful implementation on (SNC Based) curriculum/ textbooks, 'Summer Packs' supplementary learning support materials for campuses. Our assiduous Head office staff performed their valuable services from dawn to dusk and made rudimentary quality appraising and assurance visits in our contemporary campuses. TKS Head Office had also organized a systematic online teachers' training which enhanced critical thinking skills, teaching/phonics skills for the novice teachers. TKS expanded new horizons through diverse perspectives, and cultivated friendships amongst its Network Associates that will last a lifetime.

The epilogue of this message is my keen desire, let's take initiatives to instill confidence in our learners to transform a steadfast and strong nation.

WINTER SEASON

A winter theme means being able to explore a major seasonal change that summons snow and fun-filled activities such as building snowmen, snowball fights, and learning about animals that live in cold climates. Whether you live in an area where there is a drastic change or not, kids enjoy being able to pretend and engage in common winter activities.
