Message from President ILM Trust, TKS Convention 2019

Ibrahim Hasan Murad

"School is not just a place where you offer learning but it's a platform to revolutionize the whole Community".

If we want to create a stronger, more compassionate and idealistic education system, we must focus on the holistic development of students in order to make them progressive thinkers. We must address their holistic needs and ensure that each student acquires the basic core values to become a good human being, a good Muslim and a responsible citizen of Pakistan. To ingrain humanitarian values among students, we should also encourage them to get involved in community services to make them realize their responsibility towards the community. I believe TKS Network Associates have taken up a big challenge by opening an educational institute in their premises because teaching is a sacred profession and thus comes with great responsibility.

I am glad that NWAs joined our hands in taking forward the vision of Dr Hasan Sohaib Murad (Late) whose sole mission was to impart quality education among middle-class people and promote value-based education in Pakistan. In this new era of learning, education is undergoing revolutionary changes due to globalization. Much educational material (i.e. books curriculum and courses) has been published so far. Thus, there comes a huge responsibility on those who are steering the ship: teachers. The biggest challenge the educators are facing in the 21st century is 'school taught us what to learn and not how to learn.' Teachers must not only know which material is to be taught but also be aware of the techniques how the knowledge should be imparted. So, we must adopt 360 transformational approach to cater the educational needs of modern era students and transform them into future-ready individuals. I am glad that the TKS Head Office team organizes NWA Convention annually to gather NWAs, principals and teachers on a single platform and give them an opportunity to interact with each other and exchange ideas.

Learning Through Training

On Demand Training

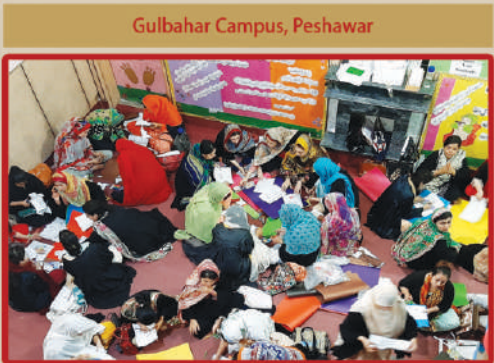

The TKS Head Office Academics Team conducted a training session on demand of Hafiz Zaheer Hussain from Samanabad Campus, Lahore. The scope of the training session was incorporation of Art and Crafts in different subjects. The teachers gave positive feedback and were keen to apply the acquired new techniques of Art and Crafts.

Samanabad Campus, Lahore

Cluster Training

The TKS Head Office conducted training in Peshawar. More than 80 participants took part in these training sessions. Teaching techniques of TKS customized curriculum and teaching of languages (Urdu and English) preschool were the major topics elaborated to principals, coordinators and teachers. The attendees were given a detailed briefing about the application of learned techniques.

Message From Director TKS
Ms Mariam Murad

Almost a decade ago, ILM Trust launched The Knowledge School Network, a nationwide chain of K-12 schools with the aim of trailblazing modern education. This project was in many ways Dr Murad's practical expression of love for his country and the children of Pakistan. It could have been predicted from the onset that we may not stand the test of time, following the various challenges in the education sector. Fortunately, this prediction was wrong. It wasn't me who proved it wrong, certainly not me alone; everyone on our Head Office team and most importantly, our eminent network associates. Our focus has always been to establish schools offering a high degree of personalized service to our students by creating an environment encouraging full bonding of pupils, parents, teachers and all stakeholders. Our journey does not end here. In fact, it has just begun. We are constantly and rapidly advancing in achievements, of which we are proud. It means that we have strived to establish ourselves in this sector. We have claimed our rightful place here. As a brand, we can reasonably say we are at the top in this environment. So, together we have made The Knowledge School Network a success. Together, we will build our beloved nation. Together, we have made it possible that we celebrate our 10th year milestone anniversary. And together we will rejoice many more accomplishments in the future.

Insha-Allah.

Pakistan Zindabad!

Campus Activities

TKS Students Shine in IKMC 2019

Alhamdulillah! It is a great achievement for TKS that its students achieved the highest ranks in the International Mathematics Kangaroo Contest (IKMC 2019). IKMC is a mathematical competition in which students ranging from grade 1 to grade 12 from 50+ countries participate every year. Fatima Sajid, TKS New Campus, Okara, got 1st position at district level and won bronze medal in IKMC 2019. Zainab Imran, Muhammad Shahwaiz and Muneeb Aslam from TKS National Campus, Sambrial, bagged second position in Sialkot district. Each student was awarded with cash prize of Rs 6000/- by IKMC administration.

Yellow Day Celebration

Yellow is a symbol of sunshine, joy, glory, enlightenment and happiness. TKS campuses celebrated 'Yellow Day' with a lot of fun and pomp. The day was celebrated to make students aware of the significance of yellow color by relating it with natural objects like, sunflower, mangoes, etc. Classrooms were decorated with yellow objects, cutouts and balloons. Students were dressed up in different hues and tints of yellow.

Education Expo

We thank you TKS Fatima Campus for participating in Education Expo Multan.

Academics Fest

Be prepared for Academics Fest-19 (October 19, 2019) Including 5 Inter School Competitions

- 1 Naat and Qiraat
- 2 Lingualetics
- 3 Matholetics
- 4 Tech Savvy
- 5 Art and Science

TKS Sports Gala

TKS will have Inter School Sport Gala on November 30, 2019.

Vegetable/Fruit Day Celebration

The main objective to celebrate vegetable/fruit day is to create awareness and educate students about importance of vegetables/fruits and their benefits. Students visited the fields to see how vegetables are grown. They were also told about the importance of washing vegetables before eating and making them a part of their regular diet for better mental and physical growth.

Chamkani Campus, Peshawar

TKS Participation in SHF Young Leaders Camp

Sitara Hilal Foundation (SHF) organized Pakistan's premier Young Leader's Camp and provided a unique opportunity to young students to explore the rich history of Pakistan, develop essential leadership skills and inculcate profound love for Pakistan.

All activities were prepared to equip the young generation with the indispensable leadership skills to make them future leaders that Pakistan needs. Students from TKS Expo Center Campus participated in 'Young Leaders Camp' with full enthusiasm and actively took part in all the activities arranged by SHF management.

Earth Day

To promote understanding and importance of environmental issues, TKS campuses celebrated Earth Day to support the cause of preserving nature. Students marched to create awareness among locals about the emerging risks caused by climate change and the role we have to play to save the Earth so that we may have brighter and cleaner future.

Leadership: A Choice Not a Chance

"If your actions inspire others to dream more, learn more, do more and become more, you are a leader." John Quincy Adams

September 6, 2008, is a memorable day of my life as I started my professional career in The Knowledge School, Quaid Campus. I joined the TKS Community right after graduating. Although, I had no previous teaching experience, the person who interviewed me recognized my potential and granted me a chance to serve as a Head. I worked hard to assure the Principal and other staff members of my leadership qualities. Abdul Razaq, Director, Quaid Campus, a highly respectable person, guided me at every step of my professional life. He not only taught me traits of a good Head but also polished my leadership skills and enabled me to attain a respectable place amongst teachers, parents and students. To head an institute requires great leadership skills and communicative abilities. I am going to share some secrets of success here that can have great impact on the professional career of a Head.

Inspire Confidence in Team Efforts: I evaluate my teachers' performance every week and help them in the development of daily lesson plans. I keep check on the assigned homework given to students and analyze the results of every class. This strategy not only ensures the quality of education but also creates a friendly and nourishing environment.

Appreciation Ensures Great Quality of Work: I always appreciate my teachers for their good work as it encourages them to think out of the box and work for the betterment of the school and its students. I encourage my teachers to work on innovative ideas and adopt new approaches to excel the result of the school.

Leaders are People-Oriented: I always support my staff and facilitate them in every possible way. My staff feels comfortable talking to me about their problems and ideas. My staff and I explore new possibilities together to reach new heights.

In a nutshell, 11 years journey has transformed me into exceptional head and good leader. This only became possible because of my mentor Abdul Razaq who guided me on every step.

Samina Ismail
Coordinator, Quaid Campus, Lahore

Story of the Glory

The Knowledge School Haveli Lakha

It was a challenging decision for us to choose the best school brand out of many famous school networks across Pakistan. I offer my tribute to Dr Hasan Sohaib Murad (late), whose insightful vision inspired us to join The Knowledge School Network in 2010. The purpose-built campus of TKS Haveli Lakha covers an area of 24 canals. It is a masterpiece of architecture. Due to the successful business model and dedication of TKS team, this institution has become well-known for its quality education, best infrastructure, intellectual students and exceptional matriculation results.

Haveli Lakha Campus is not only counted in the top schools of The Knowledge School Network but also in Tehsil Depalpur, District Okara and Sahiwal Division. Students of TKS Haveli Lakha Campus received many achievement awards in various curricular and co-curricular competitions held at the government and organizational levels. Their accomplishments and success make us proud every day. The annual matriculation result of our campus showcases the fruits of untiring efforts of our teachers and aptitude for hard work among our students. Haveli Lakha Campus secured 3rd position in the Sahiwal Board of Education in the matric examination in 2015, and 4th position in the Sahiwal Board in 2017. Furthermore, it is matter of honor for the teachers and management of TKS Haveli Lakha Campus that it is the only Campus securing top three positions in The Knowledge School Network in 2018. In TKS Network Association Convention at UMT, Ibrahim Hasan Murad, President, ILM Trust and UMT, distributed laptops among the three position holders of TKS Haveli Lakha Campus on April 27, 2019.

Being a Principal of TKS Haveli Lakha Campus, I am proud to say that this institute provides ideal learning opportunities and caters to the individual needs of every student. I am extremely thankful to Ibrahim Hasan Murad, Mariam Murad, Director TKS, Brig (R) Shahid Akram Kardar, Country Director, TKS, Jennifer Javed Khan, Academic Coordinator, Ishrat Tabassum, Preschool Coordinator, and other team members for supporting us. TKS is on a noble mission to impart quality education among middle-class people of Pakistan which was envisioned by Dr Hasan Sohaib Murad (Late). Teachers and management of TKS Haveli Lakha Campus work hard for the holistic development of students so that they become noble and patriotic citizens of Pakistan. Students of TKS Network and ILM Colleges are part of strong academic background and reputed educational institutions of Pakistan. *Alhamdulillah!*

Ch Mahmood Alam
Director and Principal, Roses Campus, Haveli Lakha

Parent's Say

My son Ghulam Mustafa, student of Matric, Session 2017-18, scored 1073 marks and secured first position among all the students of The Knowledge School Network. On this success, I am thankful to Almighty Allah and TKS Network. I am grateful to the TKS Head Office for rewarding my son with a laptop in the TKS NWA Convention 2019. There is no tradition of educating the children in my family. No child in my village got a chance to study till matriculation level. But I am thankful to Ch Mahmood Alam, Principal of TKS Haveli Lakha Campus, who let my child study on 100% scholarship. Now, I want my son to pursue his education in ILM College and become a doctor. My son will serve Pakistan as a responsible citizen.

Insha Allah!

Ghulam Rasool
Parent
TKS, Haveli Lakha

The Value of Education

As the world is rapidly changing, time has truly become the most valuable asset. This fast-paced world demands rapid adaptation from people, societies and communities alike. Any person, society or nation that remains enslaved by the shackles of baseless

customs and refuses to grow with the global community will undoubtedly be subjected to deterioration. In order to prosper and compete with the high paced world, education plays a great role. Education is a key element to accelerate our professional and personal growth in life.

Islam also places great emphasis on acquiring knowledge and education; as it is stated that:

Seeking of knowledge is obligatory for every Muslim - (Al Tirmidhi #74) Especially in a developing country like Pakistan, we must understand the value of education if we want to succeed socially and economically. The father of the nation, Quaid-e-Azam Muhammad Ali Jinnah, considered students as the backbone of the nation and addressed them as;

Pakistan is proud of its youth, particularly the students who are nation builders of tomorrow. They must fully equip themselves by discipline, education and training for the arduous task lying ahead of them.

It has been more than 70 years since Pakistan was declared as an independent state. Although Pakistan has come a long way in the field of education, but the educational system of Pakistan is still lagging behind in achieving targets and its millennium development goals. Pakistan's educational institutes are solely focusing on preparing students to score highest marks and get good jobs. Another important matter which needs to be addressed is that formal education must incorporate value-based education to inculcate moral values among students.

Nowadays, the number of schools and higher education institutes are increasing day by day in Pakistan, yet the quality of education is drastically decreasing. The teachings of integrity, morality, patriotism and character building have failed to be a part of the reformatory syllabus of institutes. As a result, the education system of Pakistan is producing students who hold high degrees but lack in moral values.

Educational institutes are the primitive sources for shaping the mindsets of the young generation. This puts great responsibility on shoulders who have the abilities to change individual lives.

Being a principal and a teacher, I encourage my fellow teachers to perform their duties and obligations with responsibility to secure the future of our young generation.

Our great leader, Quaid-e-Azam also emphasized on the importance of educating and inculcating leadership skills in students so that they may lead our nation towards success and prosperity.

Malahat Jahan
Principal, Iqbal Campus Lahore

خوشخطی کے انداز

اپنی اس مختصر زندگی کا ایک حصہ شعبہ تعلیم میں گزرا۔ استاد سے ہیڈ ماسٹر تک کا سفر مختصر لیکن بڑا دلچسپ تھا۔ سینکڑوں طالب علموں کو زیور تعلیم سے آراستہ کرنے کا شرف حاصل ہوا ہے۔ آئیے آج کچھ دلچسپ خطاط کا تذکرہ ہو جائے۔ کچھ طالب علموں کو میں نے ماہر علم و نجوم پایا، جو کاپی پر ستاروں اور برجوں کے نشانات بنایا کرتے تھے۔ کچھ اعلیٰ درجے کے خطاط تھے جن کے سامنے اپنی لکھائی پھینکی معلوم ہوا کرتی تھی۔ بعض تو ان ڈاکٹرز کی مانند ہوتے تھے جن کی لکھائی نا تو کبھی کسی کیمسٹ کو سمجھ آتی ہے نا خود اس ڈاکٹر کو کچھ طالب علم بہت رنگین مزاج نکلے اور کچھ صرف نیلی روشنی کے دلدادہ تھے۔ بعضوں کو نیا پاکستان بنانے کی اتنی جلدی ہوا کرتی تھی کہ ان کی لکھائی میٹرولس سے بھی تیز نکلی اور بعض اس قدر تہذیب پسند تھے کہ لکھتے وقت کاغذ اور قلم کو تکلیف نہیں دیتے تھے چاہے ایک سطر لکھنے میں گھنٹوں گزر جائیں۔ ایسے فنکار سے ملنے کا شرف بھی حاصل ہوا جو حروف کو لکھتے ہوئے ایسے آشکار بنا دیا کرتے تھے کہ انسانی عقل دنگ رہ جاتی تھی۔ اور ان کے علاوہ ایسے طلسماتی خطاط سے واسطہ پڑا جن کے بارے میں صرف جن ہی بتا سکتے ہیں، ان کے متعلق لکھنا عام آدمی کے بس کا روگ نہیں ہے۔
