Message from Member of Board of Governor and Trustees, ILM Trust

Prof Dr Muhammad Nawaz

TKS Academics Fest

2019

“Life skill education enables a person to become a dynamic and responsible citizen, who can cope up with the life challenges, and survive. In this new era of learning, education is evolving and undergoing through revolutionary changes due to globalization. Our young generation has got caught in a mad race where everyone has to get through cut-throat competition to get better education and secure bright future. In this fast-paced era, nobody gets time to develop essential moral traits like empathy, integrity, and respect etc. to become a wholesome being. Being an educationist, I suggest we should promote well-rounded education system in Pakistan and focus on developing life skills rather than just teaching traditional education to students.”

Message from  
COO TKS and ILM Colleges

Birg (R) Shahid Akram Kardar

## Teacher's Corner

### Temporary Future

It is said that "Man is a social animal". He spend his whole life in accomplishing goals, accumulating riches ,maintaining social status, balancing fake standards of dignity and uses all available resources to achieve his desired goals to secure his so called future. But what exactly is accomplishing goals and becoming a successful person? "What is a future?" When we die, we leave all worldly attainments here and board the flight towards the eternal life then why the whole world is running after getting a worldly success and falling for earthly luxuries? Allah Subhana Tallah has beautifully defined the meaning of a successful person: "Everyone shall taste death. And only on the Day of Judgement shall you be paid your wages in full. And whoever is removed away from the Fire and admitted to Paradise, he indeed is successful. The life of this world is only the enjoyment of deception (Aal-e-Imran, Chapter #3, Verse #185) It is clear from this Quranic Verse that nobody will be staying in this world forever. A real, permanent and glorious future is eternal happiness and success in the life after death which is solely dependent on having firm faith in Allah Taala and His Prophet (PBUH) and in following His true path. Being a Muslim, I believe that the success and prosperity of this life also depends on having faith in Allah- One and Only.
